KABRA3D INSERTS

3D printed board game organizers

Diables

Organizer insert · Assembly guide

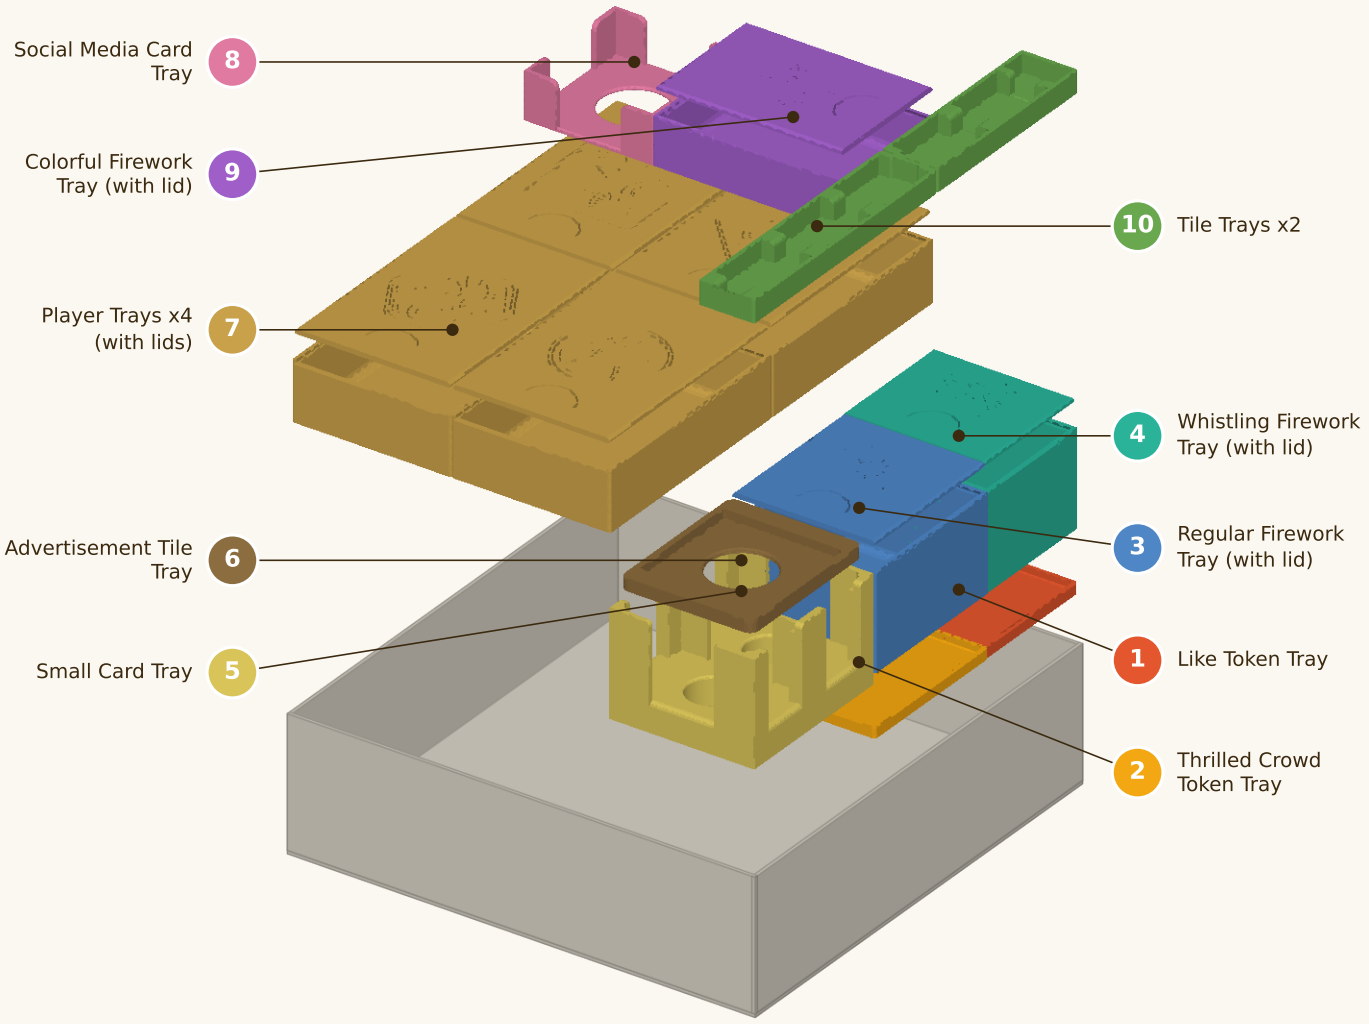

A 3D printed organizer that gives every component of Diables its own place. It speeds up setup and teardown, and the boards and the rulebook lie flat on top.

Third-party product compatible with the board game Diables. Not affiliated with, sponsored by or endorsed by its publisher.
Diables and its elements are trademarks of their respective owners.

OVERVIEW

Exploded view

The insert trays in the order they go into the box. The game components (A-C) are shown in the assembly steps.

Game components (not included)

A. Rulebook - on top of everything

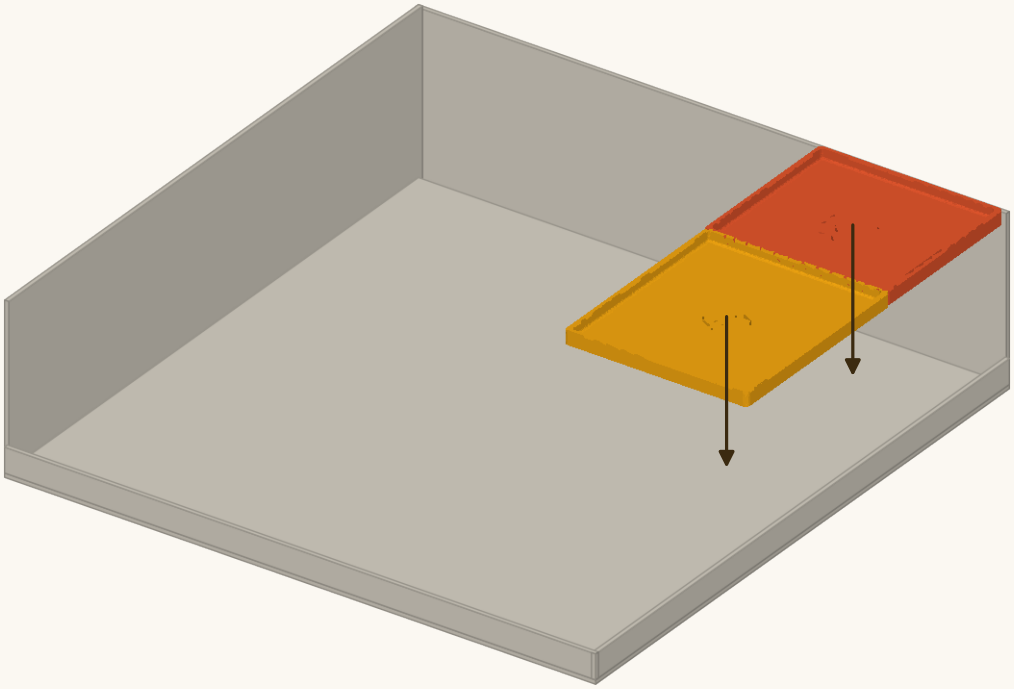

B. Main Board - on top of the Player boards and the back row of trays

C. Player boards - stacked on the four Player Trays

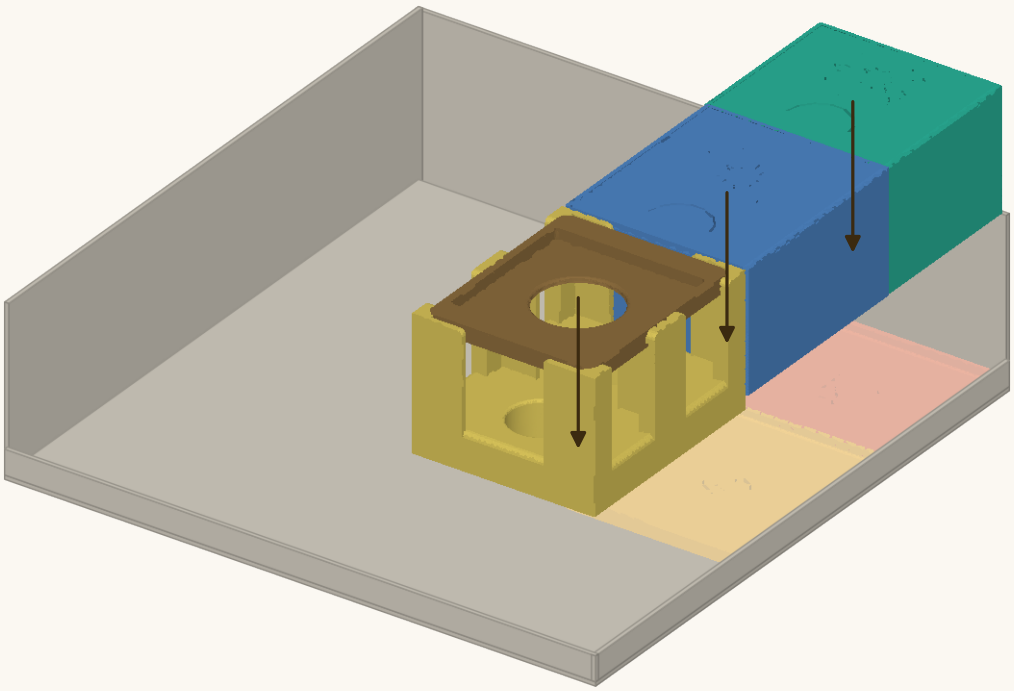

ASSEMBLY

Step by step (1-2 of 6)

1 Start with the two shallow token trays. Place the Like Token Tray (1) and the Thrilled Crowd Token Tray (2) flat on the bottom of the box, in the right-hand column, leaving the front corner free.

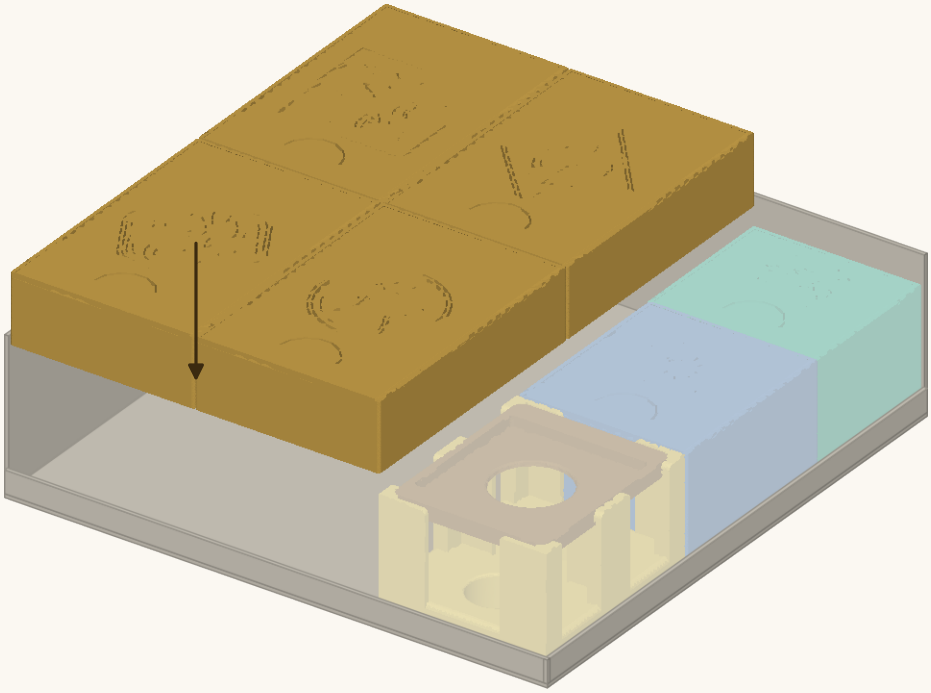

2 Stack the Regular Firework Tray (3) on the Thrilled Crowd tray and the Whistling Firework Tray (4) on the Like tray. Put the Small Card Tray (5) in the free front corner and place the Advertisement Tile Tray (6) on top of it.

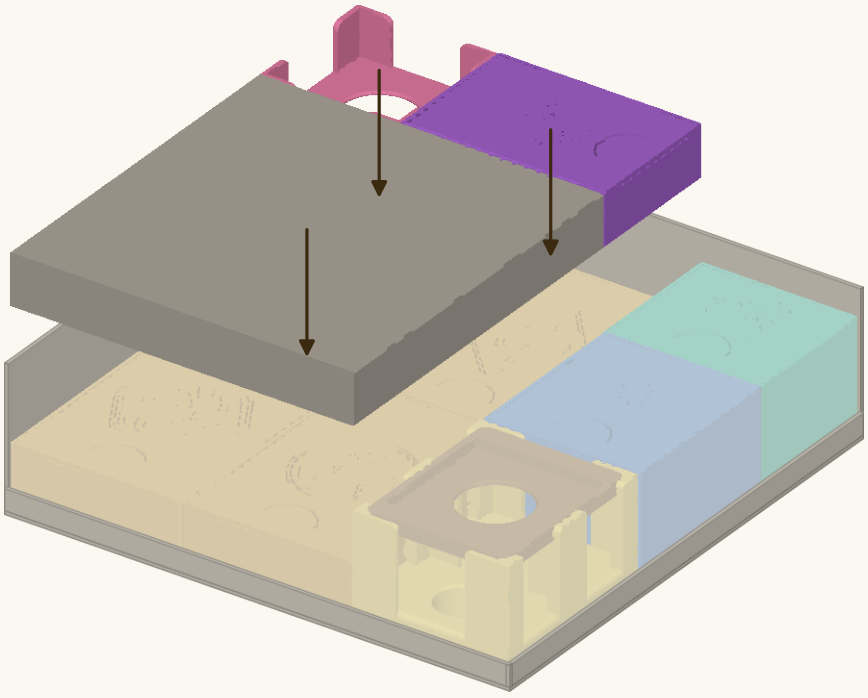

Step by step (3-4 of 6)

3 Fill the left part of the box with the four Player Trays (7), one per player colour, with their lids on.

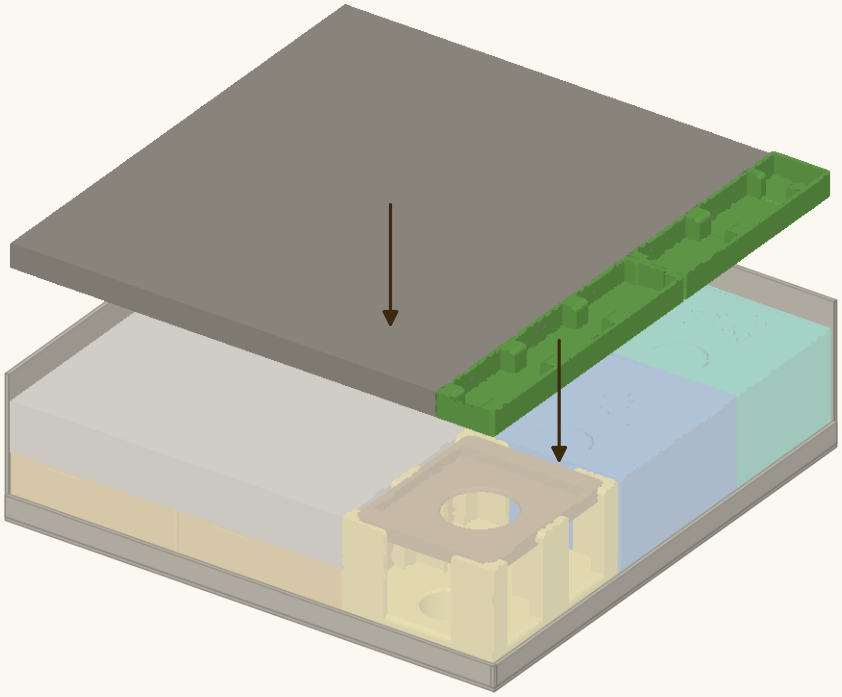

4 Lay the Player boards (C) on top of the Player Trays. Then fill the back row with the Social Media Card Tray (8) and the Colorful Firework Tray (9).

Step by step (5-6 of 6)

5 Place the Main Board (B) on top, against the left side of the box, and drop the two Tile Trays (10) into the gap along the right-hand side.

6 Finish with the Rulebook (A) on top of everything and close the box lid.
