3D printed board game organizers

Railways of the Lost Atlas

Organizer insert · Assembly guide

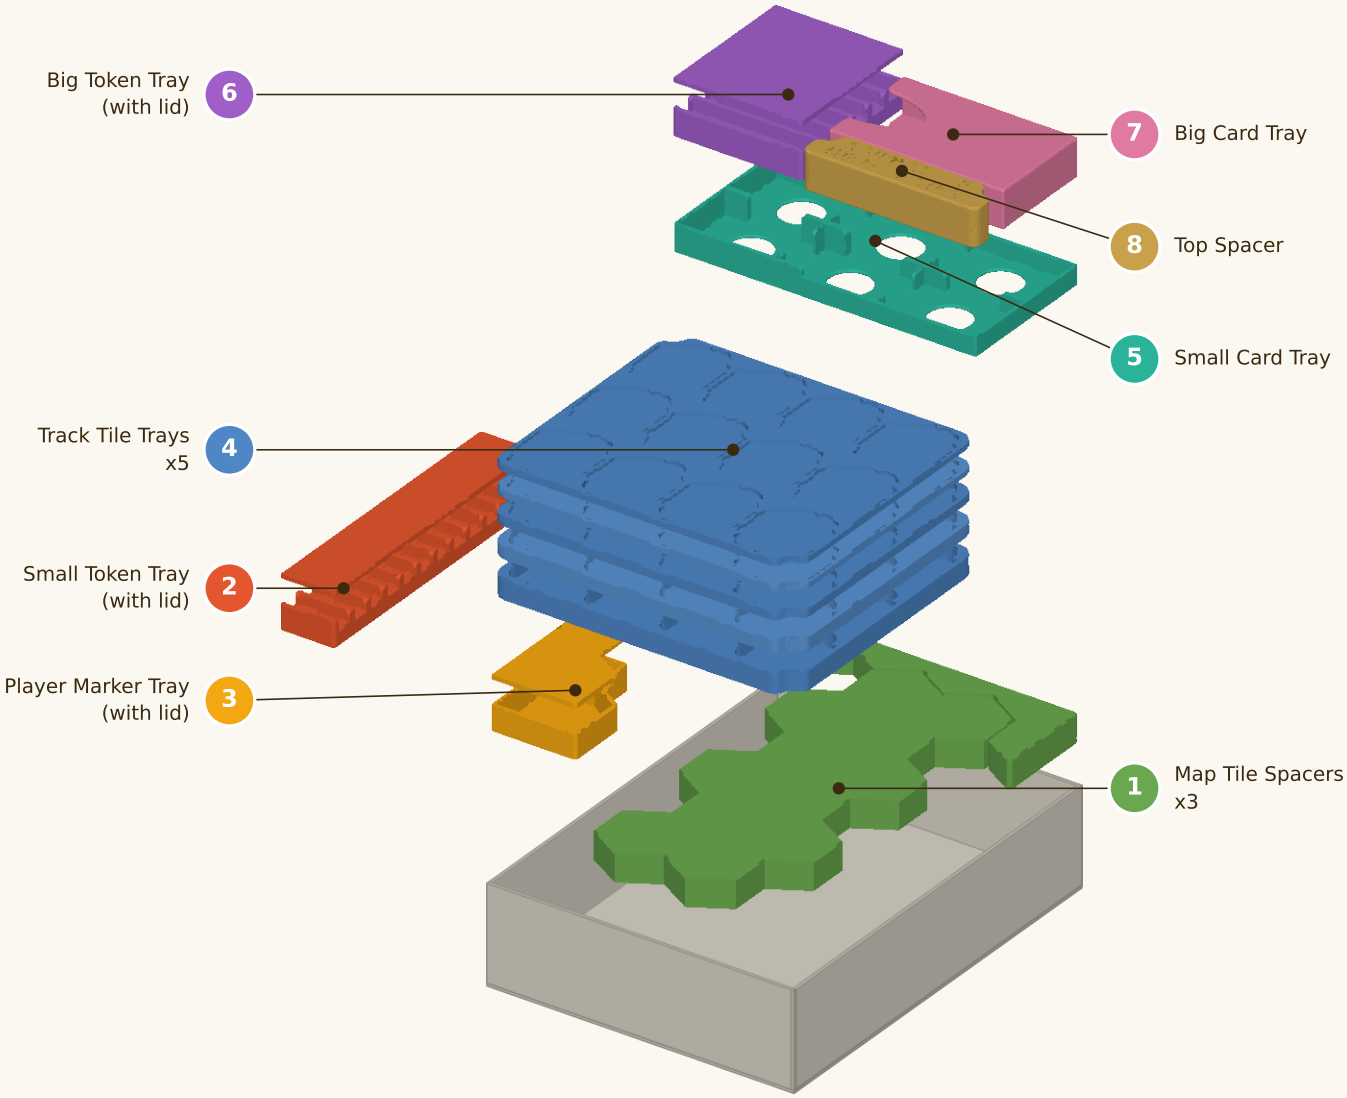

A 3D printed organizer that gives every component of Railways of the Lost Atlas its own place. It speeds up setup and teardown, and the boards and the rulebook lie flat on top.

Third-party product compatible with the board game Railways of the Lost Atlas. Not affiliated with, sponsored by or endorsed by its publisher. Railways of the Lost Atlas and its elements are trademarks of their respective owners.

ASSEMBLY

Step by step (1-2 of 6)

1 Place the three Map Tile Spacers (1) on the bottom of the box. They create the slots that hold the map tiles in place.

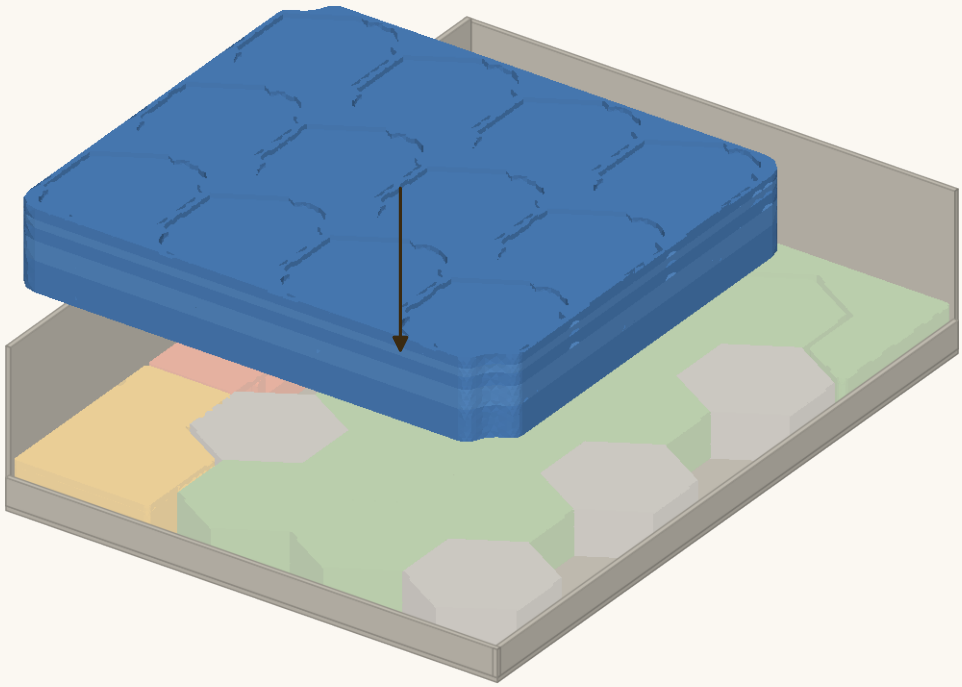

2 Drop the stacks of Tri-Hex Map Tiles (A) into the slots between the spacers. Then put the Small Token Tray (2) along the left side and the Player Marker Tray (3) in the front-left corner, with their lids on.

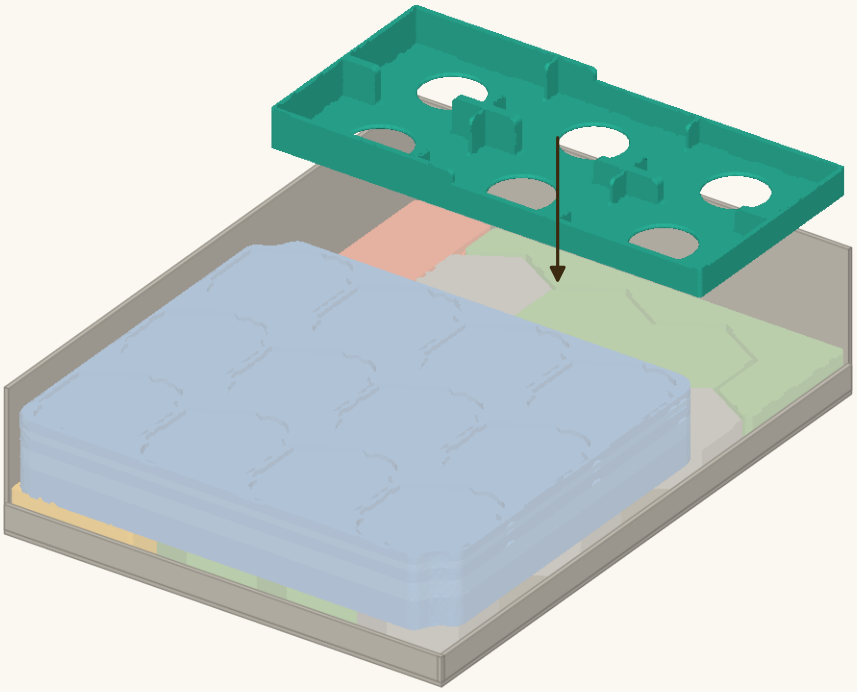

Step by step (3-4 of 6)

3 Stack the five Track Tile Trays (4) at the front of the box, from the deepest one at the bottom to the two shallowest ones on top.

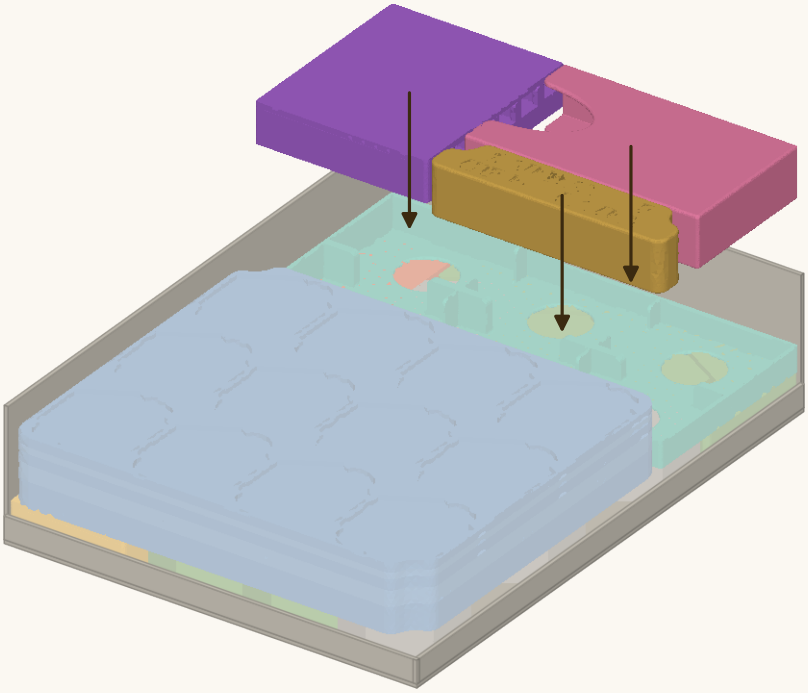

4 Place the Small Card Tray (5) at the back of the box, behind the Track Tile Trays.

Step by step (5-6 of 6)

5 On top of the Small Card Tray, place the Big Token Tray (6) on the left and the Big Card Tray (7) on the right. Then slot the Top Spacer (8) in front of the Big Card Tray.

6 Lay the Earnings per Share Chart (B) on the Track Tile Trays and the Rulebook (C) on top. Finish with the Stock Track (D) and the Round/Cycle Tracker Board (E), and close the box lid.
